Serial No

From

The Dy C P I/t

Letter No C 61-16 dy 15th Dec 1961 reporting that the water supply to Mudigere town failed since 26 IE Nov 1961 due to some disorder in the suction oil pump of the engine, which has however been arranged to be replaced by a similar spare pump of the engine at Kunigal and that the water supply to the town may be restored with the least possible delay

1) It is reported that in order to restore water supply to the town a spare oil pump with the least delay a spare oil pump was removed from the engine at Kunigal, which will be returned hereto after a new pump is received for which orders have been placed by wire

2) The Director states that there can be no assurance of water supply to the town unless the present machinery is completely overhauled and a duplicate unit installed at the place

3) An estimate for Rs 2 800/- for the installation of a duplicate unit has been prepared and sent to the DC Kadur for countersignature by him A sum of Rs 2 000/- towards the work is to be sanctioned out of the special grant of two lakhs of rupees and the balance of Rs 800/- to be met from out of the funds of the Mudigere municipality is not yet been paid

4) ~~Further proposals from the Dy C P I/t will be awaited~~ In the meantime the DC Kadur may be requested to expedite the estimate and to arrange the balance amount of Rs 800/- Submitted with a draft letter for the Govt

Yak 12/1 Rs 12/1 Out of the special grant of two lakhs of rupees announced by His Highness the Maharaja for the improvement of the Malnad Towns and Villages, the following amounts were given to the Municipal Towns & Villages - Kadur 2811

W

NOTE—Cont Sheet

File No | of 194 | General and Revenue Secretariat

Serial No

(1) Improvement to the water supply & purchase of an Engine Rs 2000/-

2) Construction of a bus stand 1000

3) Earthing of the main road with the fill thereto 40000/- 7000

4) It is now reported that the purchase of the Engine for the water supply would cost about Rs 2500/- & that as the fill has no money to spare, the allotment of Rs 1000/- given for the bus stand would be reappropriated for the purpose of purchasing an engine. It is also stated that the estimate cost for the Bus Stand would be Rs 4000/- The D.C. states that the bus stand is a necessity & that he would ask the fill to pay up the balance of Rs 3000/- towards this work

5) He therefore recommends that the additional Rs 500/- required may be given out of the water supply grant for the purchase of the Engine

Having regard to the fact that these grants are earmarked for specific purposes, it would not perhaps be advisable to divert them for other purposes

But at the same time, it is for consideration whether, when the fill is unable to give a sum of Rs 500/- for the Engine, it would

Grant to Mudigere for purchasing an engine for water supply

General and Revenue Secretariat — File No 101 — of 1941-42 — [App F III-2

Serial No

give a sum of Rs 300/- required for the Bus Stand

a) It is for orders whether, without reference to the question of the Bus stand, a grant of Rs 800/- may be given out of the reserve under water supply grant for the purchase of the Engine. The Mudigere town Municipality is a poor one in the Malnad and seems to be in need of help

Law Secy) for 12/1/42

b) A grant of Rs 800/- may be sanctioned out of the reserve under water supply grants.

Re Water Supply to Kudligere

I have the honour to state that the Sanitary Engineer reports that the engine working at present at Kudligere stopped working on 25th November 1941 on account of some trouble in the oil circulation pump As the operator was not able to set right the defect, the water supply to Kudligere Town has failed since the 26th November 1941 In a further communication the Sanitary Engineer reports that the mechanic of the firm (which supplied the engine) who was asked to inspect the engine states that the oil pump connected with the engine has undergone a lot of local repairs which are not satisfactory resulting in the engine not taking load The mechanic is of the opinion that until the whole pump is replaced it will not be possible to restore water service The Sanitary Engineer estimates that he has arranged to remove the pump from a similar engine which is spare at Kunigal and to despatch the same to Kudligere so that the water supply to Kudligere may be restored with the least possible delay The supplying firm has also been requested to order by wire for a new pump and the same is received, the part removed from the engine at Kunigal will be sent back

The Sanitary Engineer reports that until the present machinery is completely overhauled and a duplicate unit installed there is no assurance of water supply to the town of Kudligere For the installation of the duplicate unit estimated at Rs 2,800/- a sum of

P T O

of s 2,000/- is granted out of the funds donated by His Highness the Maharaja of Mysore during his visit to Kadur District and the balance amount of Rs 800/- is due from the Municipality In spite of reminders neither the estimate has been received back duly countersigned from the Deputy Commissioner, Kadur District, nor any arrangement made for the payment of the balance of Rs 800/- as yet

Copies of letter No 871 dated 8-12-1941 and Memo No 838 dated 2-12-1941 of the Sanitary Engineer are enclosed for favour of information and orders

I have the honour to be,
Sir,
Your most obedient servant,
[signature]
Director of Public Health

Copy of the foregoing along with a copy of memo No 760 dated 27th November 1941, from the Assistant Engineer, No 3 Sanitary Subdivision, Hassan is submitted to the Director of Public Health in Mysore, Bangalore, for kind information

Until the present machinery is completely overhauled, there is no assurance of water supply to the town of Tudigere, and it is requested that necessary instructions may kindly be issued, so that arrangements may be made for the installation of the duplicate unit pending receipt of the balance amount either from the Deputy Commissioner or from Government for the installation of the duplicate unit estimated at Rs 2,800/-, a sum of Rs 2,000/- is granted out of the funds donated by H H the Maharaja of Mysore during his visit to Kadur District, and the balance amount required to enable the installation of the machinery is Rs 800/- If the quotations for the machinery are called for through the Stores Purchase Committee it will be possible to know the exact amount required, but as under the present circumstances of the market, it is not possible to say what the actual cost of the machinery is likely to be

---

Copy of the above is forwarded to the Assistant Engineer, No 3 Sanitary Subdivision, Hassan, for information The mechanic of Messrs Crossley Bros, has been instructed to proceed to Tudigere and render necessary help A further report about the repairs to the machinery may be submitted

Sd/- [illegible] Rao,
Sanitary Engineer

Re Water supply to Kudligere

In continuation of this office No 838 dated 2nd December 1941, reporting that the oil engine at Kudligere has stopped and the mechanic of the supplying firm has been asked to proceed to Kudligere and inspect the same, I have the honour to state that the mechanic who went to Kudligere has inspected the plant and submitted his report in which he says that the oil pump connected with the engine has undergone a lot of local repairs which are not satisfactory, with the result that the engine does not take load and that until the whole pump is replaced it will not be possible to restore water service

No new pump is available in Bangalore, and it will take some time to get one from Bombay or Calcutta, where it may be possible to get it Since the water supply of the town which depends on this engine has failed, I have arranged to remove the pump from a similar engine which is as a spare at Kunigal and despatch the same to Kudligere in order to restore the water supply with the least possible delay The supplying firm has also been requested to order by wire for a new pump so that the engine may be taken into permanent service, and the part removed from the engine at Kunigal may be sent back

From

C E Noronha, Esquire, M A
Deputy Commissioner,
Kadur District

To

H V Narayana Rao, Esquire, B A, LL.B,
Secretary to Government,
Law Department,
Bangalore

Sir,

Regarding purchase of an engine for the Mudigere water-works

1 With reference to your letter No L 5461 dated 24th December 1941 on the above subject, I have the honour to state that out of the special grant of ₹ two lakhs graciously announced by His Highness the Maharaja of Mysore, a sum of ₹ 2000/- has been allotted for the above purpose A sum of ₹ 1000/- has also been allotted for constructing a bus-stand at Mudigere

2 The Sanitary Engineer has sent an estimate for 2800/- for purchasing and installing a new engine and pump The Executive Engineer, Kadur Division, has sent an estimate for ₹ 4020/- for the bus-stand The Municipal Council, Mudigere, who were asked to credit the balance in excess of the sanctioned grants for the above purposes, have resolved that they are unable to do so and that the sum of ₹ 1000/- ear-marked for the bus-stand be appropriated for the engine and pump I am, however, of opinion that both the above projects are important and should be taken up immediately But, it is unfortunately true that the Municipal Council are unable to meet their share of cost, as out of their slender resources, they have to repay the loan of ₹ 7500/-

raised for the drainage scheme and pay a sum of Rs 210 per mensem towards the recurring charges of the water-works The Sanitary Engineer reports that the present engine of the water-works being old and worn out, ~~it~~ should be replaced by a new one immediately

3 In the circumstances, I request that the orders of Government may kindly be obtained for the grant of a sum of Rs 800/- to make up the balance of cost of a new pump and engine, out of the reserve under the Town Improvement grant The Municipal Council will, however, be asked to pay up their quota towards the cost of the bus-stand In this connection, I beg to invite reference also to my letter No 3162/40-41 dated 6th January 1942 regarding grants required for Town Improvement works

I request the favour of early orders of Government in the matter The Municipal Council resolutions and the reports of the Municipal President accompany

Your most obedient servant,

Deputy Commissioner,
Madur District
